8. Ordering, Cash on Delivery and Return Policy

Source: https://remaxonlineshop.com/policies/refund-policy. The shop publishes this policy mainly in Burmese; below is a faithful English translation of the Burmese text, followed by the shop's own English text. Where the two differ (return

period: 3 days in the Burmese text, 2 days in the English text), both are given as published.

Order confirmation

After Remax Online Shop checks the details of an order placed on the website, the shop contacts each customer by email or by phone to confirm the order again. Once payment is made and the order is confirmed, the goods are delivered to the customer's door within 2 to 3 days from the order date, to the designated major cities and regional towns, at the published delivery rates.

Cash on delivery (pay when you receive the item)

For any type of product ordered, the customer can pay only after receiving the item. The customer should check the item and the invoice/receipt that comes with the delivery person carefully before paying.

Advance payment (pay before delivery)

- For very large items that are difficult to transport, payment must be made in advance through the relevant bank.
- If the order is to be sent to another person (a gift or delivery to someone else), the price of the goods and the delivery fee must be paid in advance to Remax Online Shop by bank transfer.

Delivery

- Remax Online Shop provides Fast & Free Delivery, on time, to its designated major cities.
- In Yangon and Mandalay, delivery is free to the designated townships; a delivery fee is charged for delivery to other townships.
- Delivery to regional towns through bus/express terminals: towns served by regional express buses are delivered through the relevant bus terminal. For terminal delivery, payment must be made by selecting Bank Deposit under Payment Methods. Any difference in the freight charge (overpayment or shortfall) is settled with the customer by phone. The goods are sent to the relevant bus terminal within 2 to 3 days after payment is received.

Order return policy (translated from the Burmese text)

Products sold through Remax Online Shop are fully guaranteed by agreements between the supplying companies and Remax Online Shop, so customers can buy with confidence.

Which items can be returned or exchanged? When you receive your order from Remax Online Shop and:

- the wrong product was delivered,
- the wrong colour was delivered, or
- the product arrived damaged or defective,

send the item back to Remax Online Shop in its original, undamaged packaging. The customer pays the shipping (freight) cost for the return.

How long does an exchange take? Remax Online Shop sends out the replacement within 2 days after receiving the returned item.

How to request a return or exchange: contact Remax Online Shop Customer Service at phone (+95) 9 446644509 or email mzmyanmar1987@gmail.com with your order number, the item you want to return, and the full reason for the return. Inside Yangon, the shop will come and collect the item. For other regions, Customer Service will explain how to send it back. When the item arrives, the shop checks that it matches the stated reason for return. If it matches, the shop exchanges it for the correct item; if it does not match, the shop informs the customer and sends the item back.

What if I find the item is faulty after more than 3 days? Returns are not accepted more than 3 days after the item is received. However, if the product has an original manufacturing defect, contact Customer Service at (+95) 9 446644509 or mzmyanmar1987@gmail.com.

Return policy (the shop's own English text)

- 2-day return policy: you have 2 days after receiving your item to request a return.

- To be eligible, the item must be in the same condition you received it, unworn or unused, with tags, in its original packaging, with the receipt or proof of purchase.
- To start a return, contact mzmyanmar1987@gmail.com. If the return is accepted, the shop sends a return shipping label and instructions. Items sent back without first requesting a return are not accepted.
- Damages and issues: inspect the order on arrival and contact the shop immediately if the item is defective, damaged, or wrong.
- Non-returnable items: perishable goods, custom/personalised items, personal care goods, hazardous materials, flammable liquids or gases. Sale items and gift cards cannot be returned.
- Exchanges: the fastest way is to return the item and, once the return is accepted, buy the new item separately.
- Refunds: the shop notifies you after receiving and inspecting the return and tells you whether the refund is approved. Approved refunds go back to the original payment method; the bank or card company may take some time to post it.
