Specifications / features:

- Brand: Remax
- Model: RL-LA12i
- Material: ABS + TPE
- Type: Lightning White color The most important advantages of the universal Remax RL-LA12i adapter: You can listen to music and power the equipment at the same time. Listen to music on your headphones without blocking the charging option of your phone You do not have to decide on equipment from one manufacturer. Are you using an iPhone and using a different brand of headphones? No problem! You don't risk damaging your equipment. All thanks to the use of the original chip that prevents overvoltage At the same time It supports simultaneous charging with a current of up to 2A and playing music, so you can enjoy your favorite sounds while powering your devices. Appreciate the high quality and the absence of annoying noises . Forget about limitations The universal adapter from Remax allows you to connect all devices with a 3.5 mm audio output to devices with a Lightning input. You do not have to limit yourself to solutions proposed only from one manufacturer. Original design without sacrifices Minimalism and a simple form - these are one of the most attractive distinguishing features of Apple accessories. You can still enjoy them - the Remax adapter fits fully into this design.
